

**Coming Soon:  
Liberty Message Center!**

We are very excited to introduce the Liberty Message Center functionality!

The Liberty Message Center is built on top of Service Cloud and will provide bidirectional communication between you and our client service teams as well as the opportunity to submit and review statuses of requests.

By having the Message Center within the Liberty platform, this will allow for multiple people within your firm to access requests within your office and it will provide greater visibility into what happens when you make a request.

Stay tuned for more information to come in the near future!
