

Did you know...

Blotter Reports are available in Liberty

Did you know that you can run a Blotter Report in Liberty?

Here's how to do it: From the Trading Tab, the Blotter Report can be accessed directly from the Trade Blotter. The Blotter Report provides you the ability to create and save multiple customized trade reports based on the trade orders currently displayed on the Trade Blotter.

The requested reports may include summary and detail information for the selected trade orders and can be generated in both standard spreadsheet or PDF formats.

If you have any questions regarding the Blotter Report, please contact your relationship manager.
