Important Disclosures

Call 800-848-0920 to request a summary prospectus and/or a prospectus, or download prospectuses at nationwide.com/mutualfunds. These prospectuses outline investment objectives, risks, fees, charges and expenses, and other information that you should read and consider carefully before investing.

This material is not a recommendation to buy, sell, hold or roll over any asset, adopt an investment strategy, retain a specific investment manager or use a particular account type. It does not take into account the specific investment objectives, tax and financial condition, or particular needs of any specific person. Investors should work with their financial professional to discuss their specific situation.

The Fund is subject to the risks of investing in fixed-income securities, including default risk and interest rate risk. By concentrating its investments in bonds issued in California, the Fund's credit risk is dependent on the ability of the state and its cities and municipalities to make timely payments on their obligations. The Fund may invest in municipal securities that generate interest that is subject to alternative minimum tax (AMT). As a result,

taxpayers who are subject to the AMT potentially could earn a lower after-tax return. Please refer to the most recent prospectus for a more detailed explanation of the Fund's principal risks.
